# A Message from Dr. Pepe

If I had only one word to sum up 2017 at Catholic Medical Center, it would have to be “growth.” Last year represented tremendous growth for our organization in terms of the services we offer, the number of providers and employees we have, the donors we engage, and the communities we’re involved in. All of that adds up to a growing difference we’re making in the lives of Granite Staters.

This growth is central to our strategic vision and upholds our mission to carry out Christ’s healing ministry by offering health, healing, and hope to every individual who seeks our care.

Highlights from the last fiscal year include forming GraniteOne Health, our affiliation with Huggins Hospital and Monadnock Community Hospital; our clinical affiliation with Massachusetts General Hospital; the opening of the Women’s Wellness & Fertility Center; and the beginning of a hospital-wide renovation that enhances our ability to provide the right care at the right place at the right time.

The last year also included many “firsts” for CMC as we continue to find new and innovative ways to bring the latest technologies and treatments to our patients. Thanks to telemedicine, we expanded our ability to deliver timely, specialized care regardless of location. Due to our early adoption of technology, our cardiac patients had the chance to be among the first in New England and, in some cases, the first in the world to receive cutting-edge treatments.

You’ll notice that this fiscal year is 15 and not 12-months long. That’s because, as a part of forming GraniteOne Health, CMC has aligned its fiscal year to that of our partner hospitals. FY 2017 went from July 1, 2016 until September 30, 2017. Next year’s report will again be 12-months, covering our new fiscal calendar, October 1 to September 30.

On behalf of Catholic Medical Center’s Board of Trustees, physicians and staff, I thank you for your support. I hope you’ll find this annual report insightful and that you take pride in knowing that CMC is here for you and our community.

Joseph Pepe, MD

## Women's Wellness & Fertility Center Helps Couples Achieve Their Dreams

The Women's Wellness & Fertility Center (WWFC) at CMC was barely open a month when Kelly and Jim Lockwood had their first appointment with Dr. Sarah Bascle. "My husband and I had been trying for a while and saw another provider in Nashua that basically said, 'I've given you all the help I can but there's a new practice opening at CMC. Why don't you go there and see what they can do for you.'"

The Lockwoods were charting Kelly's cycles using the Creighton Model Fertility Care™ System. They had been using this method of natural family planning throughout their marriage and were looking for a medical explanation as to why they were unable to conceive. They had heard about NaProTECHNOLOGY through their own research as well as friends in other parts of the country.

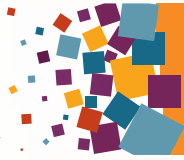

NaProTECHNOLOGY refers to Natural Procreative Technology – an approach to understanding women's reproductive health. It works in concert with the FertilityCare™ System and regulates fertility by identifying and treating the underlying causes of the problem. NaProTECHNOLOGY was developed by Dr. Thomas Hilgers at the Pope Paul IV Institute in Omaha, Nebraska. It is a scientific and data-driven approach that is also in line with the teachings of the Catholic Church.

"You are the expert on your own body so you are bringing information to Dr. Bascle and working in partnership to figure out next steps which is really empowering. Instead of the doctor saying, 'I'm the expert and this is what you're going to do' she works with you."

Since Kelly and her husband had been charting for a while, Dr. Bascle was able to work quickly to help figure out their next steps. Less than two months after their first appointment, they found out they were pregnant. On December 28, 2017 they welcomed their baby girl, Abigail, into the world.

"It was wonderful to be going into labor and have your doctors next to you saying 'I'm going to pray for you,' that there is this caring for the whole person," Kelly remembers. "It is truly an amazing place. We were blessed by the care we received. From the front desk to the doctors, their entire purpose of being there is their patients."

## Financials (in thousands)

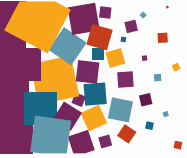

CMC's Board and senior leaders have a responsibility to keep our finances stable, despite an ever-changing healthcare market that's pressured by unpredictable insurance demands and increasing technological demands. We're pleased to report that our bond ratings remain stable with S&P issuing CMC an A- and Moody's giving a Baa1. Both agencies give CMC a stable outlook.

# Community Benefits Summary *Over \$85 million in value to the community*

CMC's compassionate care extends beyond the advanced clinical services we offer patients in our facilities. We are in the community, supporting vital programs and services to meet health needs of the most vulnerable and medically underserved populations.

Between July 1, 2016 and June 30, 2017 (FY 2017), CMC provided more than \$66.1 million worth of care to our community. In the three month extension, July 1, 2017 to September 30, 2017, CMC provided an additional \$19.8 million in community benefits. CMC's level of community benefits historically exceeds the average for U.S. hospitals (as a percentage of revenue) and is among the highest in the state. Please read our complete Community Benefits Report at [CatholicMedicalCenter.org](http://CatholicMedicalCenter.org).

## Subsidized Health Services

CMC underwrites these services through its own funding, as well as donor and grant support, to increase access to care for those in need:

- Behavioral Health Services
- Health Care for the Homeless
- Pain Center
- Poisson Dental Facility
- Primary Care Services (underserved & underinsured)
- Pregnancy Care Center

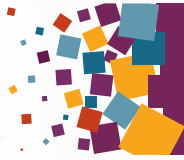

## Community Health Improvements

Based on needs identified in the Greater Manchester Community Health Needs Assessment (CHNA), CMC provides community-based health education, prevention and supportive programs, including:

- Community health education, fitness classes and support groups
- Health screenings at little or no cost to community members, including breast and cervical cancer screenings
- Medication Assistance Program
- Outreach and enrollment assistance for Medicaid and other government sponsored programs
- Patient Transportation Services
- Parish Nurse Programs

\* Other community benefits include: leveraged revenue, health professions education, financial contributions, community-building activities and clinical research.

# Philanthropy Generosity at Work for CMC

CMC's donor support enables us to carry out our mission. We gratefully acknowledge all of the individual, family, corporate, foundation, and government gifts and grants that we received in 2017.

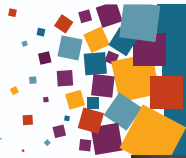

In 2017, CMC received \$1,569,818 in donations representing 942 unique donors and 1,506 gifts. 100% of this money goes to support CMC's mission, funding programs like:

- **Breast Care Center** – patient education programs and non-invasive surgical technologies
- **Emergency Department** – life saving equipment and activity packs for children
- **The Mom's Place and Special Care Nursery** – parenting education programs for families and Books for Babies
- **New England Heart and Vascular Institute (NEHVI)** – cardiac technology, vein treatment equipment, training facility upgrades, and a sound system to comfort patients undergoing cardiac procedures
- **Parish Nurse Program** – community health services including screenings for medically underserved populations
- **Pastoral Care** – patient and family spiritual guidance and support
- **Poisson Dental Facility** – oral health care for low income children and adults
- **Pregnancy Care Center** – prenatal care for women and addiction
